

WICK PARISH COUNCIL

Notice to all residents

15th April 2025

The Parish Council has been notified that we will experience an increase in lorries passing through the village over the next few weeks.

This is due to the fact that some of the trees in Van Dyke Woods have Ash die back. This is being cleared to prevent further spread.

The lorries will come through the village as they have to go to weighed on the weighbridge at Charles Hudson's barn down Cooks Hill/ Wyre Lane before going to be burnt.
